

TOP 10 REDSPOT\*

LORD ST INTERSECTION

# Seeing red on Reid

THREE Reid Highway intersections have been highlighted as areas of concern in a list of Perth's top 10 red spots.

The Malaga, Alexander Drive and Mirrabooka Avenue intersections all ranked in the top 10 of a recent RAC Red Spots survey, which asked motorists to nominate the roads and intersections that made them see red.

Almost 1000 nominations were submitted for the survey.

The three intersections were all nominated because of long delays at traffic lights and a high volume of traffic.

Reid Highway was on the list four times, with the Lord Street intersection listed due to having a non-controlled intersection with heavy traffic.

The Reid Highway and Malaga Drive intersection.
